Profile

I am a third-year BTech student at VIT-AP University with a strong foundation in programming and problem-solving. Skilled in Java, Python, and web development, I enjoy building efficient and scalable solutions.I have experience working in teams and leading small projects with a focus on collaboration and results. Alongside my technical skills, I possess strong communication and time management abilities.I am actively seeking opportunities to apply my skills in real-world environments and grow professionally.

Education

B'Tech in Computer Science and Business Systems, Vellore Institute of Technology - Andhra Pradesh
Current cgpa - 9.8

Languages

- English
- Hindi

- Telugu

- Kannada

Courses

HTML, *Great Learning*

CSS, *Great Learning*

Java, *Udemy*

Python, *Scalar*

Java Script

React JS

Projects

Water Quality Prediction ⧉   06/2025 – 07/2025

This project predicts the potability of water based on features like pH, hardness, and chemical content. Classification models like Logistic Regression or Random Forest are applied. It helps in identifying whether water is safe for drinking. Useful for environmental monitoring and public health systems. Supports automation in water quality testing.

Resume Portfolio ⧉   06/2025 – 07/2025

I designed and developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase my skills and projects. The site features interactive elements such as smooth navigation, contact form validation, and dynamic content to enhance user engagement. I applied modern web design principles using Flexbox, Grid, and CSS animations, ensuring both a visually appealing layout and mobile responsiveness.

Certificates

- - I have successfully completed a 4-week virtual internship on Artificial Intelligence and Data Analytics with a focus on Green Skills, organized by AICTE, Shell India Markets Pvt Ltd, and Edunet Foundation under the Skills4Future program.

- - I have completed the Data Analytics Job Simulation with Deloitte.

- - I have successfully completed a 6-week Internship on Artificial Intelligence & Machine Learning, organized by Edunet Foundation in collaboration with AICTE.
